PROFILE

I design brand systems and then keep them running: the posts, the Reels, the captions and the calendar, week after week. At my studio, by Faye, I do all of it from Berlin for a US real estate broker, using AI tools I direct and edit myself. I also write, shoot and edit short films. I'm looking for a part-time remote role in design, social media or video.

EXPERIENCE

Founder and Designer, by Faye 06/2026 – present
Social media studio for US real estate agents, remote from Berlin (byfayesocial.com)

- Manage a Boston RE/MAX broker's Instagram end to end: market audit, brand kit, content strategy, content calendar, design, captions and publishing.
- Script, voice and edit short-form video and Reels, including sound design and on-screen text.
- Run the studio on an AI workflow in Claude Code: it drafts posts, renders graphics and video, builds web pages and prepares outreach. I write the brief, direct it, edit everything it makes and approve every send.
- Built his website and lead capture (talktoelias.com) and my own studio site; wrote and A/B tested an email campaign to about 2,000 US agents and answered replies with personalised spec videos.

Lead Graphic Designer, NOIL (No One is Listening) 06/2025 – paused
New media platform, Italy, remote

- Wrote and designed the founding brand identity and brand manual: logo system, typography, colour palette, imagery and layout rules, made so the team can use it without a designer. Its events have drawn 50+ people from 5+ countries.

Lead Graphic Designer, Greasy Fingers 12/2025 – on hold
Bike workshop and bar, Kreuzberg, Berlin

- Wordmark, visual identity and the Kiez member card, which shipped. The rest is paused while they raise funding.

Graphic Design Intern, Realtop Marketing 06/2023 – 08/2023

- Social media posts, Stories, carousels and logo animations for clients in health, real estate, insurance and law.

Social Media Lead (volunteer), Lucy Parsons Center 05/2021 – 06/2021
Bookstore, Boston, MA

Graphic Designer and Receptionist, RE/MAX Unlimited 01/2019 – 01/2021
